Although now holed up somewhere in the Stockholm archipelago, the *Hacienda original* hasn't forgotten his Acid House roots. Whether **Jon Dasilva** is pulling together his expansive contemporary DJ sets of Jackin' Techno and Deep House or producing and remixing to his heart's content out there amongst the Swedish islands - you can still hear the excitement of those heady, legendary days, echoing.

Over the last couple of decades Jon has released a string of cutting edge remixes and productions from Bleep on labels including Get Physical, Ellum Audio, Rush Hour, Soma, Mute, Deconstruction, Better Days, Eskimo and last year he was awarded "Best House Track 2012-13" at The International Dance Awards for "Love Somebody Else" by Jon Dasilva and **Maceo Plex** (feat. *Joi Cardwell*). Now, **Hallo Halo**, his Anglo-Swedish project has more releases up and coming on *Get Physical* and new Berlin label - *With Compliments*.

Jon hasn't lost his "Acid House legend" (*Jockey Slut Magazine*) - status and no doubt, never will.
